This memo is written due to confusion concerning the intent of Section 226.6(1)(3) which addresses reviews of newly participating sponsoring organizations during the first 90 days of Program operations.

It is our position that this provision need not be applied to institutions whose participation in the Child and Adult Care Food Program is simply being extended through the annual application/agreement renewal process. Only newly participating sponsoring organizations, meaning those which did not participate in the Program in the preceding year, must be reviewed within the first 90 days of Program operations.

If you have any questions, please feel free to contact my staff at (303) 844-0359.
